

Invite to Vitalis

It is my pleasure to personally invite you to Vitalis on behalf of CSAM – the company behind ProSang, Picsara, and Cytodose – and the leading provider of niche eHealth solutions in the Nordics. Vitalis is the largest eHealth conference in Sweden and takes place from April 24 to 26 at the Swedish Exhibition and Conference Centre in Gothenburg.

At this year's conference, CSAM will be launching its newest product, CIMA, a clinical imaging mobile application that puts the power of medical imaging in the palm of your hand. The product will be presented as part of Demo@vitalis, where new and ground-breaking eHealth products are showcased with a 200-second presentation. We encourage you to register for the conference and come see our presentation at Demo@vitalis.

At the Vitalis exhibition, CSAM will have a spectacular booth, located at B 09:34, where you can learn more about our leading portfolio of products with live demonstrations or just relax and enjoy a CSAM cocktail. We are also planning a contest with big prizes that you won't want to miss!

Please use the information on the affixed card below to register for your free pass to the Vitalis exhibition, courtesy of CSAM.

I look forward to the opportunity of seeing you at Vitalis. If you have any questions, please feel free to contact me directly at +46 703 110058 or andreas.persson@csamhealth.com.

Sincerely
Andreas Persson
CEO, CSAM Sweden
